Subject: RE: Lindley Meet and Greet

Patrick – I was with Emily yesterday and we did a joint flyover of ITC with USCG Admiral Thomas. She will be very appreciative of our joint response efforts. TCEQ continues to share our belief that stopping benzene emissions in the nearby communities is no. 1. Hopefully the tanks will be emptied this week, certified as secure and that portion of the response will be turned over to the state. We have a hearing in State Legs on Friday and I will testify in support of the states work.

David

Subject: Lindley Meet and Greet

I have a meet-and-greet with Commissioner Lindley Tuesday morning at 9:30 (EDT). Is there anything that you'd like me to raise with her? Any updates on ITC that I can share?
